HACK ON TRACK

Team Name :

Domain :

Problem statement Title:

Abstract :

Video/ Prototype/Deployment link: (Optional)

PROBLEM STATEMENT

Participants should mention :

- What is the problem?
- Who is affected?
- Current challenges / pain points
- Why does this problem need to be solved?
- Existing solutions, if any
- Relevant statistics/data if available

PROPOSED SOLUTION

Participants should mention :

- What is your solution?
- How does it solve the identified problem?
- Key workflow / user journey
- Target users
- What happens from input → solution → output
- A simple flow diagram is recommended

INNOVATION & KEY FEATURES

Participants should mention:

- 3–5 major features
- What makes the solution different?
- Innovative/creative aspect
- How it improves upon existing approaches
- Use of AI/ML/automation, if applicable
- Unique value proposition (USP)

TECHNOLOGY AND IMPLEMENTATION

Participants should mention:

- Technology stack
- AI/ML models or algorithms used
- APIs / frameworks / tools
- System architecture
- Dataset/source of data, if applicable
- Current implementation/prototype status
- How the solution can technically be implemented

IMPACT AND FUTURE SCOPE

Participants should cover:

- Expected impact
- Who benefits?
- Measurable outcomes/KPIs
- Scalability
- Feasibility
- Future enhancements
- Potential real-world deploymen
- Long-term vision

RULES

1. Kindly keep the maximum slides limit up to seven (7). (Including the title slide)
2. Try to avoid paragraphs and present your idea in points /diagrams / Infographics /pictures
3. Keep your explanation precise and easy to understand.
4. Idea should be unique and novel.
5. You can only use provided template for making the PPT without changing the idea details pointers (mentioned in previous slides).
6. You need to save the file in PDF and upload the same on portal. No PPT, Word Doc or any other format will be supported.

Note - You can delete this slide (Rules) when you upload the details of your idea
