PRESENTS

HACK ON TRACK

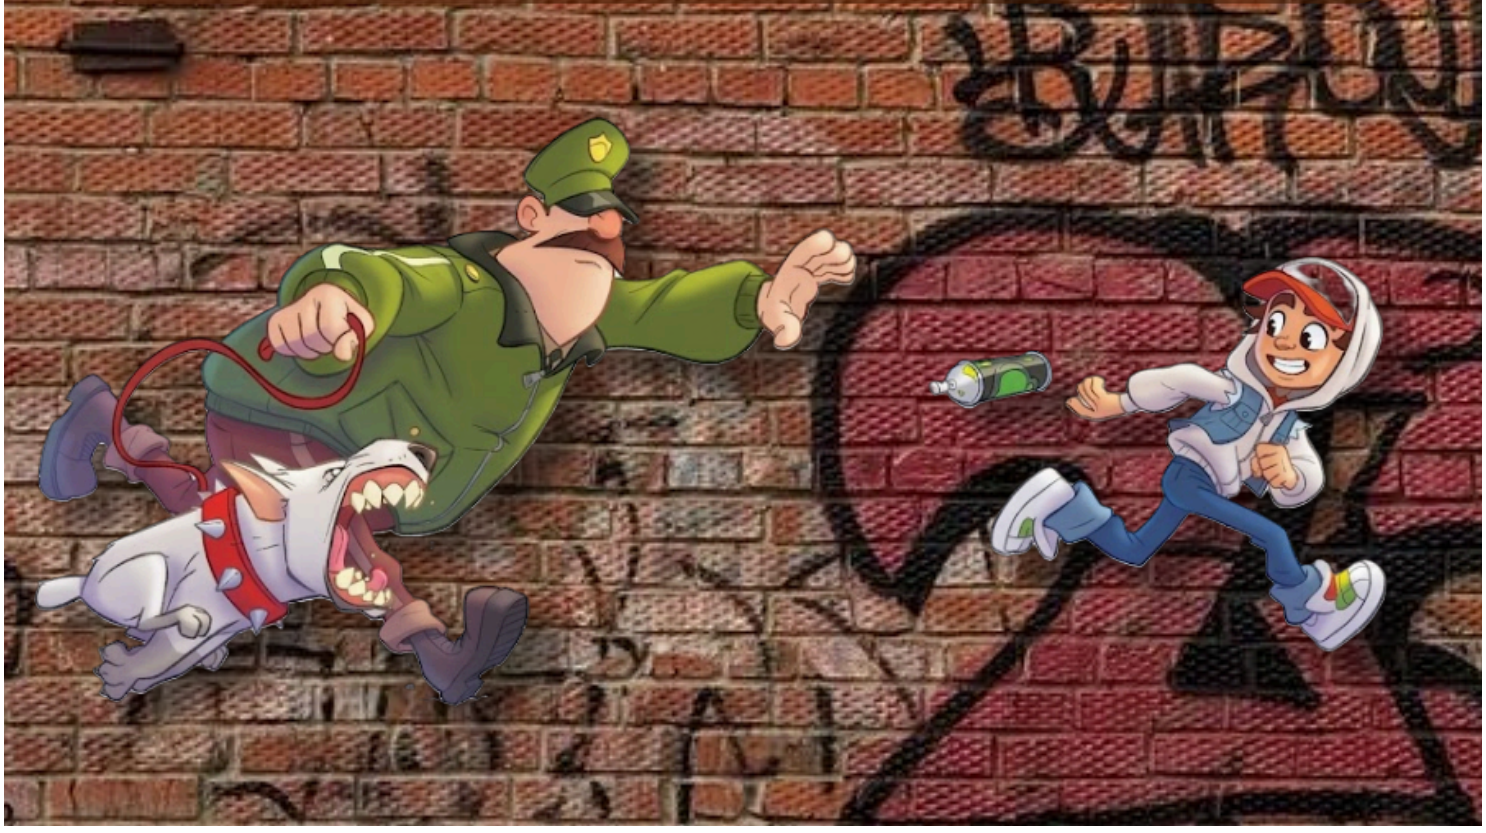

HACKATHON RULEBOOK

EVENT OVERVIEW

HACK ON TRACK is a 24 hr National level Hackathon organized by the Artificial Intelligence and Deep Learning Club (AIDL) at Fr. C Rodrigues Institute of Technology, Navi Mumbai. The hackathon provides participants with a platform to identify real-world problems, develop innovative technology-driven solutions, and build functional prototypes within 24 hours. Participants will work collaboratively in teams, applying their technical knowledge, creativity, and problem-solving skills to transform ideas into working solutions.

ELIGIBILITY CRITERIA AND TEAM STRUCTURE

⚡ ELIGIBILITY CRITERIA

- Only undergraduate students are eligible to participate.
- Cross-year and cross-college participation is allowed and encouraged.
- Every participant must provide a valid student ID or proof of enrollment.
- Participants must carry the identification documents requested by the organizing committee.

⚡ TEAM STRUCTURE

- Team size: 1–4 members
- Cross-college and cross-year teams are permitted.
- Each participant can be part of only one team.
- Teams must be finalized before the hackathon begins.
- Team switching during the hackathon is not permitted.

COLOR-BASED PROBLEM STATEMENT SYSTEM

⚡ DOMAIN LOCK IN

1.1 The domain selected by a team during Round 1 (PPT Submission) is final and will carry forward to Round 2.
Domains : AIML , CYBER SECURITY, FINTECH , BLOCKCHAIN

1.2 Teams cannot change their domain at any point after Round 1 shortlisting is announced.

⚡ COLOR SELECTION

2.1 At check-in for the 24-hour offline hackathon, each team will randomly select one color.

2.2 Each color corresponds to one of the following, within the team's already-selected domain:
(a) Problem Statement 1
(b) Problem Statement 2
(c) Open Innovation

2.3 The color-to-option mapping will be revealed only during the Inauguration Ceremony.

2.4 Once revealed, the assignment is locked for the remainder of the hackathon.

⚡ OPEN INNOVATION FLEXIBILITY

3.1 Teams assigned Open Innovation may choose to either:
(a) continue with Open Innovation, or
(b) switch to one of the two predefined Problem Statements within their domain.

3.2 This switch, if made, must be finalized immediately after the Inauguration Ceremony and before the official hackathon kickoff.

3.3 Once a team confirms its choice under Rule 3.1, no further changes are permitted.

COLOR-BASED PROBLEM STATEMENT SYSTEM

⚡ TEAMS ASSIGNED A PREDEFINED PROBLEM STATEMENT

4.1 Teams assigned Problem Statement 1 or Problem Statement 2 must work only on that problem statement.

4.2 Switching between Problem Statement 1, Problem Statement 2, or Open Innovation is not permitted for these teams.

⚡ GENERAL RULES

5.1 All decisions regarding color allocation and domain-to-problem mapping are final and binding.

5.2 Any attempt to bypass, alter, or dispute the assigned problem statement after the lock-in period will be considered a violation of hackathon rules and may result in disqualification.

HACKATHON EXPECTATIONS AND CODE OF CONDUCT

⚡HACKATHON EXPECTATIONS

- Teams are expected to build a functional MVP/prototype within the hackathon period.
- Projects should address a clear and meaningful real-world problem.
- Participants should demonstrate both technical execution and practical thinking.
- Teams must be able to explain and demonstrate the work submitted.
- All teams are expected to cease development of their prototypes by 10:00 AM on Day 2.

⚡CODE OF CONDUCT

- Maintain a professional, safe, and collaborative environment throughout the event.
- Plagiarism, copying, impersonation, or submission of another person's work is prohibited.
- Sabotage, deliberate disruption, harassment, or other misconduct is prohibited.
- Participants must follow instructions issued by the organizing committee and adhere to the official schedule.
- All participants must submit an undertaking form confirming their adherence to the responsibilities and rules outlined.

USE OF COLLEGE PROPERTY AND CYBERSECURITY AND INTERNET USAGE

⚡USE OF VENUE AND COLLEGE PROPERTY

- Participants are responsible for handling tables, chairs, computers, electronic equipment, and other venue property with care.
- Any damage to computers or other equipment may result in penalties, disqualification, and/or disciplinary action.
- Where a fixed penalty is specified by the organizers, that penalty will apply in addition to any applicable repair or replacement cost.
- Any participant using institution-provided equipment must follow the instructions given by the organizers.

⚡CYBER SECURITY AND INTERNET USAGE

- Participants must not download unauthorized software or files without prior approval where approval is required by the organizers.
- Teams must use trusted tools and platforms and follow all cybersecurity instructions.
- Unauthorized access to restricted networks, including a prohibited LAN network, is not permitted.
- Any cybersecurity incident or suspected compromise must be reported to the organizing committee immediately.

FOOD , GENERAL FACILITIES AND DRESS CODE

⚡TRAVEL,FOOD AND GENERAL FACILITIES

- Travel expenses are not covered by the institution.
- Participants are responsible for their own travel arrangements and costs.
- Day 1 : Lunch, snacks and Dinner will be provided
- Day 2 : Breakfast for all participants , Lunch for top 10 teams will be provided.
- Outside food is permitted; however, participants must coordinate with organizers for any deliveries to ensure a smooth experience.

⚡DRESS CODE

- Participants are expected to wear appropriate clothing suitable for the venue and event.
- On Final presentation day Formal Attire is compulsory.

EVENT TIMELINE

DAY 1

7:45 – 8:45 AM
Registration & Check-in (Color selecting)

9:00 – 9:50 AM
Inauguration + PS Reveal

10:00 AM
Official Kickoff

1:00 PM
1st Git Push

1:00 – 2:00 PM
Lunch Break

5:00 PM
2nd Git Push

5:00 – 5:30 PM
Snacks Break

8:00 PM
3rd Git Push

8:30 – 9:30 PM
Dinner Break

12:00 AM
4th Git Push

6:30 AM
5th Git Push

HACK ON TRACK

EVENT TIMELINE

DAY 2

7:00 – 7:30 AM
Breakfast

9:45 AM
Final Git Push

10:15 AM – 12:00 PM
Judging Round

12:30 PM
Top 10 Teams Announced

12:30 – 1:15 PM
Lunch Break

1:30 – 3:00 PM
Final Judging Round

3:30 – 4:30 PM
Prize Distribution & Closing Ceremony

FINAL PRESENTATION RULES FOR TOP 10 TEAMS

⚡FINAL PRESENTATION RULES FOR TOP 10 TEAMS

- 10 selected teams shall present their project in front of the jury panel in the seminar hall.
- Time allotted to each team will be 7+3:
- 7 Minutes for the team to present their project.
- 3 Minutes for the Q&A.
- After 7 minutes, a buzzer sound will be played as an alert so that the team may conclude their presentation. Prototype of the project shall be presented mandatorily.
- No extra time shall be given beyond 8 minutes.

PENALTIES AND DISQUALIFICATION RULES

- Use of **pre-built** or substantially pre-developed projects is prohibited and may lead to disqualification.
- **Plagiarism, copying, or misrepresentation** of work will result in disqualification.
- Non-functional or misleading demonstrations may lead to disqualification.
- Failure to meet the **submission deadline** may result in disqualification.
- **Unauthorized network access** or **cybersecurity violations** may lead to disqualification, fines, or further disciplinary action.
- **Damage to venue** or **institutional property** may result in repair/replacement charges, fines, and disciplinary action.
- **Violation of the code of conduct** or disruptive behaviour may result in penalties or removal from the event.
- **Absence** during mandatory demonstrations, judging, or other required sessions may result in disqualification.
- Any other violations will be reviewed by the organizing committee, with action taken according to the severity of the offence.

AGREEMENT TO RULES AND CONTACT DETAILS

⚡AGREEMENT TO RULES

By registering for and participating in the hackathon, each participant acknowledges that they have read and agree to follow the rules, guidelines, instructions, schedules, and responsibilities specified by the organizing committee. Violations may lead to fines, disqualification, removal from the event, and/or reporting to the relevant institutional authorities.
